83/17 CROP OIL

GENERAL INFORMATION: Plant Agra 83/17 Crop Oil is a highly refined blend of paraffin based petroleum spray oil and a special nonionic surfactant. Plant Agra 83/17 Crop Oil is designed for use with a wide range of postemergent herbicides, desiccants and defoliants.

Plant Agra 83/17 Crop Oil increases the activity of herbicides. Care should be taken when spraying new varieties or highly inbred lines. A test area is recommended.

DIRECTIONS FOR USE:

CONVENTIONAL USE: Follow herbicide label or use 1-2 quarts of Plant Agra 83/17 Crop Oil with herbicide mixed with 5-20 gallons of water. Do not exceed 5% concentration by volume.

MIXING: Fill spray tank half full with water. Add correct amount of herbicide while agitating. Add Plant Agra 83/17 Crop Oil. Continue agitation while adding balance of water. Agitate before and during each application to insure uniform spray.

READ AND FOLLOW DIRECTIONS OF HERBICIDE MANUFACTURER'S LABEL. Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal condition of use, but neither this warranty or any other warranty of merchantability or fitness of a particular product, expressed or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.

KEEP OUT OF REACH OF CHILDREN CAUTION

In case of contact with eyes, flush with water. Contact physician if irritation persists.
