

BUCK AGRA

Gives Your Bucks The Boost To Produce

General Statement: A mix of minerals, nutrients and vitamins for the building of healthy bones and antlers. Works as an attractant to lure deer into specific areas. A complete mix of minerals for the health of your deer population.

Use Directions: Apply to the top of the ground or in a hole to contain the minerals in a certain area. Deer will return to the same area over the years. Apply every year in same location for best results. Apply 5 to 10 lbs per hole or as needed. Large deer populations may require more material over a shorter period of time. Always follow federal and state game laws when using Buck Agra.
