Total Active Components..... 100%

Active Ingredients: Methylated Seed Oil

METHYLATED SEED OIL

**In case of contact with eyes, flush with water. Contact physician if irritation persist.
Dispose of container in accordance with local State and Federal regulations.**

General Information:

Plant Agra Methylated Seed Oil contains a highly refined vegetable oil. Plant Agra Methylated Seed Oil can be used as required with today's complex herbicides, fungicides and insecticides. In these cases Plant Agra Methylated Seed Oil is used instead of Non-ionic Surfactant and Paraffinic Crop Oil.

Field tests have shown that oil types used in Plant Agra Methylated Seed Oil enhanced the efficiency of many sophisticated pesticide formulations using low rates of application.

Oil types used in Plant Agra Methylated Seed Oil provide more rapid surface wetting and penetration of the leaf.

DIRECTIONS FOR USE:

Shake Well Before Using.

May be stored below 32°F. Always follow Herbicide Manufacturer's Recommendations for Application Rates and Missing Instructions.

If instructions are not available, use Plant Agra Methylated Seed Oil at Following Rates:

Normal 1— 1/2 pints

Extreme* 2 pints

(*when weeds are high)

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal condition of use, merchantability of fitness contrary to label instructions or use under abnormal conditions violates the terms of the warranty and buyer assumes all risks.
